“

Hi! I'm Sam. I am a web developer hailing from Lehi, Utah. I absolutely love to develop and create stunning user experiences.

Experience

December 2018 – Present

Bonfanti Home Cleaning Services

- Grew business from nothing to 36 continuous clients services each month.
- Implemented marketing strategies to continuously bring 10-15% new business each month.
- Manage communication, scheduling and business finances which have shown a 27% revenue increase consistently per month. This was accomplished by adding additional services to each job, increasing work systems to lower time at home and more homes per day.

August 2018 – May 2019

Front End Developer/UI-UX Designer Pharmatech inc

- Developing user interfaces and tools used in distributor's back offices across multiple brands.
- Helping formulate an effective, responsive design.
- Collaborate with team to deliver compelling user-facing products.
- Collaborated with front end team to build on task assignments in an Agile environment.

September 2015 – January 2016

Front-End Web Developer

Church of Jesus Christ of Latter day saints

- Developed projects working directly one on one with clients from different departments of the church.
- Built customized applications to the highest specifications. Moved projects forward.
- Delivered Projects on time, and enhancing integration within existing projects.
